Chinese dictionaries date back over two millennia to the Han Dynasty, which is a significantly longer lexicographical history than any other language. There are hundreds of dictionaries for the Chinese language, and this article introduces some of the most important.

Chinese dictionary - Wikipedia

The longest word in any given language depends on the word formation rules of each specific language, and on the types of words allowed for consideration.. Agglutinative languages allow for the creation of long words via compounding. Words consisting of hundreds, or even thousands of characters have been coined. Even non-agglutinative languages may allow word formation of theoretically limitless ...
