The earliest forms of written communication originated in Serbia (VinÅ•a culture), followed by Sumer, located in southern Mesopotamia about 3500-3000 BCE. During this era, literacy was "a largely functional matter, propelled by the need to manage the new quantities of information and the new type of governance created by trade and large scale production".

### **Literacy - Wikipedia**

The role of e-books in the teaching of reading is emerging. Screen media are increasingly common in young children's life. It is therefore essential to understand the impact of specific technologies such as tablets or e-books for literacy and the best ways to include these technologies in children's routine at home, in childcare or in the classroom.

Education is the process of facilitating learning, or the acquisition of knowledge, skills, values, beliefs, and habits. Educational methods include storytelling, discussion, teaching, training, and directed research. Education frequently takes place under the guidance of educators, but learners may also educate themselves. Education can take place in formal or informal settings and any ...
