Legal interpretation in South Africa refers to the juridical understanding of South African legislation and case law, and the rules and principles used to construct its meaning for judicial purposes. Broadly speaking there are three means by which and through which South African scholars and jurists construe their country's statutory law: linguistics or semantics, common law and jurisprudence.

ABSTRACT . Introduction: the quality of life depends directly on the natural means and its quality. The valuation about the non alone health depends on the necessities and the individual's knowledge, but also of the conditions of life and work and of the means where he/she takes place the human relationships.
